Home Courses and Default Tees

Admins have the ability to add and manage Home Courses and Default Tees for a Club (NOTE: Home Courses & Default Tees will be migrated over from the existing system).

1. Click "Add Home Course"

The screenshot shows the 'Test Club' management interface. At the top right, there are three buttons: 'Add Golfer', 'Add Club', and 'Add Association'. Below these are tabs for 'Roster', 'Golfer Group', and 'Account'. On the left side, there are three menu items: 'Primary', 'Home Courses & Kiosk Setup', and 'Membership Types'. The main content area is titled 'Home Courses and Default Tee'. It features a 'Primary Facility' label with a blue dot icon and an 'Add Home Course' button highlighted with a red border. Below this is a table with the following columns: 'Facility Name', 'Course Name', 'City', 'State/Prov.', 'Default Male Tee', and 'Default Female Tee'. The table currently contains no data, with the text 'No data available.' centered below the header.

2. Search & select a facility

The screenshot shows a modal window titled 'Add Home Course and Default Tees'. The modal has a blue header with a plus icon on the left and a close icon on the right. Below the header, there is a form with a label 'Facility Name *' and a text input field containing the placeholder text 'Enter Facility Name'. A dropdown arrow is visible on the right side of the input field.

- Once a facility has been selected, you can set default tees for each gender (NOTE: Default tees are not required for Home Courses). The tees selected will be the default tees that appear within the Kiosk for the Club's Home course(s).
